PIANO STOOLS MAY BE FURNISHED MOTORMEN

Company Considers Installation of New Type of Seat for "Submarine" Type of Cars.

William McK. Clayton, of the committee on public utilities of the Federation of Citizens' Associations, requested the Public Utilities Commission yesterday to assist the federation in securing seats for motormen on all the street cars of the District. More than a year ago the federation began a campaign for the relief of motormen, who up to that time were required to stand continuously.

As a result of the federation's efforts seats have been installed on all but the "submarine" or middle door, cars of the Washington Railway and Electric Company. The installation of seats on these cars has been delayed because it was necessary to secure a different seat to fit in the small space allotted the motormen on this type of car.

The commission informed Mr. Clayton that it would wait another month before taking up with the company the question of installing seats on the "submarine" cars. It is understood that he company now testing a seat resembling a piano stool on these cars.

Eighty Senators, about 100 Representatives and a number of members of the Cabinet already have joined, according to announcement made yesterday at the Twentieth and C streets headquarters where the Red Cross is conducting an exhibit of its methods. Hundreds of persons yesterday visited the exhibit and more of them took part in a year's membership by paying a dollar at the registration desk.

Georgia Society Entertains.

Stories of life on the Southern plantation "before the war" and tales in negro dialect were told last night by Representative D. M. Hughes before the Georgia Society in the Raleigh Hotel at the regular monthly meeting. President William H. Harris, of the society, presided. Samuel W. Small, a lecturer and author, also addressed the meeting, and a special program of music was a feature of the entertainment.

"There were no Christians among the early Gauls," was one answer received in a recent grammar school history examination, "they were mostly lawyers." Said another: "A blizzard is the inside of a hen."

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

Rub Pain from Back with Small Trial Bottle of Old "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica, or rheumatism has stiffened you up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, rub it a little in your hand and rub it on your aching back, and by the time you count fifty, the soreness and lameness is gone. Don't stay stiff! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache, or rheumatism so promptly. It never disappoints—Adv.

HEAVY LOSSES IN LIQUOR BUSINESS

Falls Away by Millions of Gallons and Barrels, Says Retailers' Secretary.

DRINK BILL \$2,500,000,000

Official Argues That Government Should Recompense for Factories Destroyed by Legislation.

Because the American people drank 14,000,000 gallons less of whiskey and distilled liquors, and 6,000,000 barrels less of beer and fermented liquors during the year of 1915, no more than forty-one breweries and 108 distilleries were forced to go down before the "destructive" play-foot of the onrush of the House bill contained in the annual report of Secretary R. J. Halle, read yesterday before the twenty-third annual conference of the National Retail Liquor Dealers Association in the National Hotel. The report points out, however, that despite the decrease in the sales of liquor, the drink bill of the country amounted to \$2,500,000,000 in 1915.

The secretary said the government deemed it only proper and right that the farmers whose animals were killed during the quarantine of the foot-and-mouth disease should receive compensation. Therefore, he argued, it was only right that the owners of the \$500,000,000 of capital invested in the liquor traffic should be compensated for their loss through prohibitory laws, and suggested an amendment to the Hobson prohibition resolution.

Committees Are Appointed. President Neil Bonner, of Philadelphia, made his annual report and report of the Cincinnati publicity agent, spoke on the question of newspaper publicity for the liquor interests. Representative M. F. Farley, of New York, talked on "Congress and the Liquor Question." Dr. Harry Fleming, of Philadelphia, also talked. The sessions will continue today at a banquet will be served in the National Hotel tonight by the local association in honor of the delegates. Officers will be elected tomorrow.

The following committees were named: Credentials—P. G. Guthrie, Connecticut; A. D. Newman, New York; D. J. O'Connell, District of Columbia; Albert Elsie, Ohio; Henry P. Malvern, Illinois; Pinard, Illinois; H. Rover, New Jersey; Henry Bell, New York; J. E. Flynn, New York; Edward J. Erwin, Massachusetts; M. Greenlee, Missouri; Resolutions—H. K. Keefe, Pennsylvania; Fred Rohde, Illinois; Daniel Buckley, Delaware; James E. Delaney, Massachusetts; George T. Carroll, New Jersey; Good and Welfare—John A. Cervenka, Illinois; Welcoming—C. J. Reilly, New York; N. D. Duff, Ohio; Edward P. Duffy, Massachusetts; Frank P. Quinn, Connecticut; Constitution—M. J. Quinn, New York; Just Kunder, New York; A. S. Dearborn, New Jersey; Carl Volk, Ohio; Thomas J. O'Connor, Pennsylvania.

CIRCLE CLUB HEARS HISTORY OF MASONRY

Representative Sisson, of Mississippi, Entertains New Organization with Novel Address.

"The History of Masonry in America" was the subject of an address by Representative Sisson, of Mississippi, before the Circle Club, an organization of Masons in the employ of the District government at the Ebbitt House last night.

Representative Sisson said that the first man to be a Mason, that the first man to lay down his life in the war was a Mason, and that the first general in the American army to be killed was the first grand master of Masonry in this country. He urged members of the club to strive to make the municipal government of Washington the best government in the United States.

Otto Werner gave a clever monologue on "What Caused the European War." J. Walter Humphreys, Clarence H. Sorrell, and William Clabaugh gave a number of vocal solos, accompanied by Harry G. Kimball.

The club has a membership of several hundred, although it was only organized last January 10 last, Roger Whiteford, assistant corporation counsel, is the president.

"Coney" at McAlpin Hotel.

New York, Feb. 1.—Col. and Mrs. Benjamin B. McAlpin will entertain a number of friends at a dance and novel night, the ballroom and winter garden on the roof being devoted to the entertainment. Nahan Franko and his orchestra have been engaged for the dance in the ballroom, and the program here contains several other interesting amusement features for the entertainment of the guests. The feature of the evening, however, promises to develop when the announcement is made that supper is served in the winter garden adjoining. Here the scene will take on every appearance of a gala night at Coney Island. The entire room will be decorated with replicas of the familiar "concessions" of the midway: "red-hot," "cones," minstrel shows, "hit the 'coon," cane racks, etc., etc., will offer the promise of hospitality and bustle, with "barkers" vying for patronage. An attractive little bar with an abundance of "elbow room" has been built, and for those overpowered with the pangs of hunger a trip to the various booths is necessitated. Accordingly, Chef Edouard Panchard and his staff of candy makers and pastry cooks, the electricians, carpenters and decorators, are very busy under the direction of Col. McAlpin in completing the details for this miniature amusement park.

The effect of seasoning wood is to bring into the same space 10 cent more fibers than when the wood was green.

BACKACHE AND RHEUMATISM

Dear Mr. Editor: For the benefit of others, I gladly give this statement regarding the merits of Dr. Pierce's Anuric Tablets. Am nearly 70 years of age. I suffered from backache, weak back, rheumatism, and could not control the excretion of the kidneys. I can safely say that "Anuric," the new discovery of Dr. Pierce, Brooklyn, N. Y., has done me more good than anything I have ever taken for these ailments.

I thank him and wish him success in his field of relieving the suffering.

Sincerely yours, Mrs. N. M. FLINT.

NOTE—Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Doctor Pierce has finally decided to put it into the drug stores of

LAUDS HOME CLUB CHORUS.

Lauding Thanks Them for Singing at Scientific Gathering.

Secretary of the Interior Lane has forwarded to Prof. Otto T. Simon, director of the Home Club chorus, a letter from Secretary of State Lansing, praising the chorus for its musical numbers in opening the second Pan-American Scientific Congress. The letter reads: "At the suggestion of the department, the Home Club chorus of the Department of the Interior, by your permission, was good enough to open the second Pan-American Scientific Congress by singing the Hallelujah Chorus from the Messiah. The chorus sang superbly and gave a lofty and inspiring touch to the opening session of this important congress."

"I desire, therefore, to express through you to the director and members of the chorus my sincere thanks for the splendid contribution which they made to this distinguished international meeting and my profound appreciation of their generous co-operation in the work of the Congress."

PORK APOSTLE WANTS SOME DEFENSE MONEY

Representative Clark, of Florida, Asks U. S. for \$3,500,000 for Two Towns.

Representative Clark, of Florida, chairman of the Committee on Public Buildings and Grounds, appeared in the House yesterday as an advocate of a new line of public improvements. Mr. Clark has specialized in the past on public buildings and rivers and canals.

Yesterday he offered a bill appropriating \$3,500,000 for a government munition plant to be built at Ocala, Fla., and another bill appropriating \$500,000 for an army aviation school at Fort Meade, Fla.

In pleading for public buildings in a recent speech, Mr. Clark declared that his discourse was purely impersonal. "There are only two towns in my district entitled to them that haven't got public buildings," said Mr. Clark.

A House leader asked yesterday if Ocala and Fernandina were the two towns Mr. Clark had in mind.

BRANDEIS OPPOSITION WEAKENED IN SENATE

Unlikely Now That More Than Five Democrats Will Object to Confirmation.

Administration Senators are working industriously in an effort to smooth out the wrinkles caused by the nomination of Louis D. Brandeis to be associate justice of the Supreme Court. Each day develops a weakening in the lines of the Democratic Senators who have been opposing the confirmation of Mr. Brandeis. It was learned yesterday that the two Louisiana Senators, who were the only firm opposition and others who have been classed as doubtful are now either committed to vote for confirmation or will be convinced. It looked yesterday as if the Democratic opposition to Mr. Brandeis would dwindle to five or possibly not more than three. More than that number of Republican Senators will vote to confirm him. The Democratic majority in the Senate is sixteen.

Senator Chilton, of West Virginia, chairman of the subcommittee appointed yesterday to consider nomination, has called a meeting for tomorrow morning at 11 o'clock. He said that no plans have yet been made for an investigation and that nothing would be determined until tomorrow.

WITH HOLMES IN GOLDEN WEST.

Traveler Takes Audience Through Beautiful California.

The genius of Burton Holmes as a traveler who can bring back to his audiences, not alone by artistic photographic studies, but more particularly by descriptive phrases, the scenic beauty and grandeur of a country, was seen at its best yesterday afternoon at the New National Theater, when he closed his series of travel talks with "California."

The picture journey began at San Diego, with a little side trip into Old Mexico, where a bull fight was being held at Tijuana.

The Panama-California Exposition at San Diego seemed to rival in beauty the larger exposition at San Francisco. Through the orange country, the way led to Pasadena, and then to Universal City, among the "movie" multitudes, where the filming of Farrar's famous "Carmen" was seen.

The missions of California—San Gabriel and Santa Barbara, those beacons of civilization in the wild State of old California—were visited on the way to Sequoia National Park, where are the giant trees.

A hike across the high Sierras to Yosemite Valley, with impressive views of Mount Shasta, the most beautiful peak of California, concluded the lecture.

ALUMNI HOLD MEETING.

Dr. C. M. Coburn, professor of Bible research at Allegheny College, Meadville, Pa., was the principal speaker at the annual meeting of the Washington Alumni Association of Allegheny College, at the Cosmos Club last night. Following Dr. Coburn's talk, A. L. Baldwin was elected president and James M. Seybold, secretary-treasurer for the ensuing year. Both officers are employed in the Coast and Geodetic Survey.

Tonight Dr. Coburn, who is one of the foremost authorities in America on Biblical archaeology, will address the Washington Society of Engineers at the Cosmos Club.

Y. W. C. A. STARTS JUBILEE PROGRAM

"Pioneer" Group Entertains Immense Throng at Opening Festivities.

NOTABLES ARE PRESENT

Historical Sketches Given in Commemoration of Fiftieth Anniversary.

A month's celebration in commemoration of the fiftieth anniversary of the organization of the Young Women's Christian Association was inaugurated last night by the Washington branch at its headquarters, Fourteenth and G streets northwest, when the "pioneer" group representing 140 of the original members of the association were the guests of honor at a reception.

The receiving line was headed by Mrs. William Hamilton Bayly, president. Others in the line were Mrs. Julia Woodruff, Mrs. William Flather, Mrs. Woodbury Pulsifer, and Miss Elizabeth F. Pierce.

Among the thousand of more guests of the evening were the Secretary of the Navy and Mrs. Josephus Daniels, Mrs. Lansing, wife of the Secretary of State, and Dr. and Mrs. Wallace Radcliffe. Letters were read from President and Mrs. Wilson and from Miss Margaret Wilson expressing regret that they were unable to attend.

Historical Sketches.

One of the features of the program of the evening was the presentation of four historical sketches of the organization by women in costume. Miss Florence M. Brown, general secretary of the association, gave a sketch of the organization in 1858. Mrs. Julia T. Bodfish told of the growth of the student work since 1842 and presented figures showing that out of the 3,400 members 1,100 were enrolled in classes, a larger number of students than are at present attending any women's college in the country, with the exception of Smith College.

Miss Marion White told of the development of county work since 1881, when it was started in Iowa, and the foreign work and the foreign work was cleverly illustrated by Miss Blanche Penick. The musical program consisted of two vocal selections by Mrs. Julian Brylawski, "Ben Bolt" and "Drink to Me Only with Thine Eyes," group of modern songs by Mrs. Charles McRoberts, contralto, and a violin solo by Miss Elizabeth Sabina Wilbur, director of the Y. W. C. A. orchestra.

This afternoon there will be a reception by the Congressional Club, to which admission will be by card. Announcement was made by Mrs. John H. Hild, chairman of the gymnastic committee, that an exhibition of gymnastic work done by members of the association will be given in the gymnasium of the Church of the Epiphany, next Tuesday. Miss Helen Wynman, physical director of the association, will have charge of the team which is to give the exhibition.
